

Dear Donor:

As you know, our organization God's Army Raising Youth (G.A.R.Y), has provided many services to the youth in our community. Each year we come across a number of youths who need our support. It is our goal to assist each and every individual that has a need in our organization.

In order to fulfill the mission, we need to have more space. This space will help us to serve the community fully. We really need your help to solve this problem. Please consider making donation to the building fund. All the donations raised here will be used to secure land and for construction of the new facility. This will help to serve the people which will have a residual positive impact on the community at large. All the donations are needed and appreciated, regardless of the amount. Please think about this and how important the work of G.A.R.Y. is, and consider about the positive impact it will make in the community we live in. Your help will help us to expand and outreach every individual affected with the issue and we will make sure that the youth have a safe place to develop Christian character. Please, send the donation to: **G.A.R.Y., PO Box 868, Boynton Beach, FL 33425.**

Sincerely,

Gary L. Lewis  
*Director of G.A.R.Y.*
